Assessments shall be payable within thirty (30) days after the giving of the notice of the assessment and the Trustees shall serve upon or mail a notice to the Owner of each lot to his or her last known address, stating the amount of assessment due on such lot and the date and place where it shall be paid. Assessments for general and special purposes and services shall become liens on the respective lots in the Subdivision as soon as due and payable, as herein set forth. If not paid within thirty (30) days from due date such assessments shall bear interest at the rate of ten percent (20%) per annum from due date thereof and the Trustees may cause a Notice of Lien to be filed in the McLean County Recorder's office and the payment of both principal, interest and legal fees may be enforced as a lien on such real estate in any court in McLean County having jurisdiction of suits for the enforcement of such liens. It shall be the duty of the Association to bring suit to enforce liens within a reasonable time after they become delinquent. Such liens shall continue for a period of three (3) years from the date of delinquency but no longer unless within such time suit shall have been instituted for the collection of the assessment, in which case the lien shall be valid until the assessment is paid.
